much Forum. MATRIX GTX580 vs STRIKER GTX760 Videocards -
NVIDIA GeForce. The card i really want(cause of the looks and vram) is
the Asus STRIKER GTX760 4GB. But right now, the GTX 980 is here,
and comes in at $500. That seems high at first, but recall that the GTX
680, 580, and 480 all launched at this price. And keep.
